

90 Carr Street BARWON HEADS VIC

4 2 2

Taste and elegance abounds within these sundrenched walls, as this home enjoys an effortless, modern style. Making the most of its ideal position, the top floor allows views across the River; these walls seem to melt away as your gaze is drawn toward the distant horizon.

Downstairs is a light and modern space; a lounge opens onto an undercover entertaining area, three bedrooms all have built-in robes and a large, modern bathroom, make this space comfortable and convenient.

The upstairs kitchen/living/dining room is a modern masterpiece, opening out onto a spacious deck; this is the perfect setting for a summer BBQ! The kitchen boasts stainless steel appliances, including dishwasher, miles of bench space and a huge island bench with a breakfast bar; a stylish and practical space.

The master bedroom is also upstairs, and is a true parents retreat. Generous in size, with a walk-in robe and modern en suite, and opening onto the deck area, it is your very own haven where you can relax and forget about the world outside!
