Tastefully renovated, this gorgeous Barwon Heads home has been given a new lease on life! And what a life it is! Just across the road from the mouth of the Barwon River, the songs of native birds hang in the air as the cool sea breeze carries all of your cares away; this is the coastal living at its best!

Inside, this home has had a sympathetic renovation, managing to stay true to its original character while providing all of the style and comfort for modern day life.

An open plan kitchen/meals/living area enjoys a dramatic sense of space and height with cathedral ceilings and sky lights allowing natural light to cascade down. Polished floor boards are in perfect harmony with the bright, open spaces and add warmth and colour throughout the home. A second living area adjoins a fully plumbed wet bar and french doors opening onto an exquisite timber veranda making this home ideal for keen entertainers.
